QUARTER-TO-QUARTER MOVEMENT OF KEY FINANCIAL PARAMETERS

“I try to be like a forest:
revitalizing and constantly growing.”

- Forest Whitaker, *well-known actor, producer and director*

And so do we. Our focus has always been the same but constantly growing. We continue penetrating deeper into remote geographic locations and targeting Low Income Group segments at urban and semi-urban locations. From being a nascent institution for mortgage housing finance to becoming a preferred brand when it comes to rural housing finance and garnering of public savings, we have really come a long way.

Our sound financials are borne out not only by the recently awarded “AAA” rating by CRISIL but also the “AAA” rating by ICRA for our Fixed Deposit Program. There is an ever-increasing number of HFCs (both small as well as branches of big corporate houses) that have entered this market. It is significant that most of these have derived inspiration from GRUH's business model.

“A challenge only becomes an obstacle when you bow to it.”

– Ray Davis, motivational writer, thinker and speaker

In these 26 years, GRUH has withstood some really harsh times and conditions. Some of the initial problems were in estimating the level of income of borrowers (in the informal sector), geographical restrictions and cultural differences. In contrast to these, the current challenges which the housing mortgage finance sector is facing are rapid increase in property prices, increasing inflation and high interest rates.

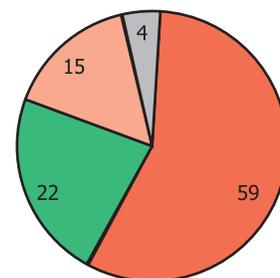

But challenges seem overpowering only when you get deterred by them. But we, at GRUH, enjoy challenging the challenges. We convert every piece of rock into a nugget of gold; we solve every jigsaw puzzle through our innovative problem-solving passion and commitment. In fact, it is these trying times that inspire us to revisit our original mandate and shape our strong will power to achieve success and drive our quest to do better.

GRUH Vis-a-vis HFCs (*)

“Any idea, plan, or purpose may be placed in the mind through repetition of thought.”

– Napoleon Hill, 20th century writer of ‘Think and Grow Rich’

At a time when rural housing finance was not given the importance and the attention it required, GRUH and, later on, other HFCs constantly worked hard with determined passion to provide affordable housing. As a result of this single-minded effort, both the government and the institutions are now working in harmony to meet the growing 18 million housing requirements.

Construction norms are being reviewed to increase FSI/FAR for affordable housing; a new urban housing fund is being created, and allocation for the existing Rural Housing Fund is being increased. And GRUH is doing what it always does – providing tailor-made products like **GRUH Suraksha**, **GRUH Suvidha**, **GRUH Sajavat** and **GRUH Samruddhi** to its borrowers (individuals from the formal/informal sector and self-employed) with hassle-free repayment options. Such flexibility and support is a strong indication of the active role that GRUH and other HFCs will be playing in the days ahead.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Industry Overview

The macro economic scenario witnessed further challenges during financial year 2012-13. The combination of a low GDP growth, a sluggish Industrial Index of Production, slowdown in the investment cycle and a widening current account deficit had the policy makers struggling to find the right balance to improve the economy. Positively, inflation showed some signs of moderation during the year.

During the year under review, the Reserve Bank of India (RBI) initiated policy measures to support growth and improve the liquidity conditions. The RBI reduced the repo rate by 100 basis points, the cash reserve ratio by 75 basis points and the statutory liquidity ratio by 100 basis points during the year. However, liquidity conditions remained under pressure throughout the year.

As reported last year, apart from the adverse impact of lower demand and high interest rates, the profitability of HFCs did come under pressure on account of few of the regulatory changes made by the National Housing Bank. Regulatory changes such as not allowing imposition of pre-payment penalty, increase in the provisioning of Non-Performing Assets and introduction of provisioning for standard home loan assets adversely affected the revenue statement. In fact the steep rate of provisioning on standard assets of 0.4% on home loans and 1.0% on other loan assets has caused structural changes in the revenue statements of HFCs.

Market Scenario

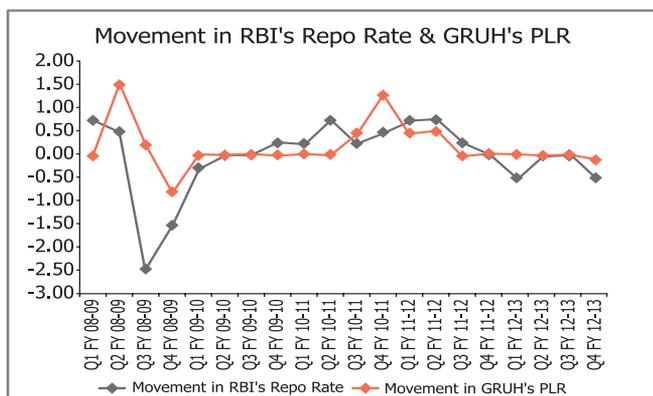

As anticipated at the beginning of the year, the market for real estate and in turn for home loans did not change during the year under review on account of property prices not softening from the peaks. It is believed that inventories of unsold properties have been piling up and few of the real estate companies have been downgraded by the rating agencies. Thus, the continuation of overall weaker demand for properties could slow down disbursements of home loans in

the coming years; since, disbursement of home loans happen over a span of 18 to 24 months depending on the progress of construction work.

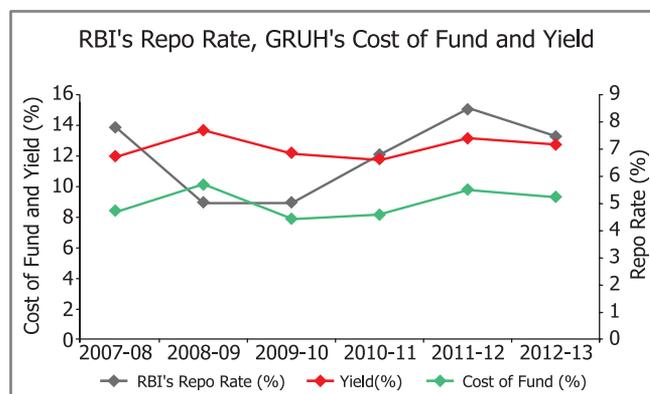

Various measures announced by the policy makers in 2012-13, with a view to revive demand for promotion of affordable housing and also augment resource availability through External Commercial Borrowings (ECBs) did not happen during the year. The framework within which HFCs could raise ECBs have been so stringent that probably not more than 2 to 3 HFCs would be eligible. Similarly, various initiatives taken by the Ministry of Urban Housing like infrastructure status for housing, regulatory bill for Developers and land acquisition bill have not progressed at a desired pace so as to improve supply of qualitative and affordable housing in the country.

Similarly, the announcement of increasing the limit for indirect finance under priority sector housing loans has not augmented resource availability at a lower cost since the banks are not permitted to lend below their base rates. As reported earlier, the introduction of the Base Rate in place of the Prime Lending Rate has proven negative for HFCs to raise funds from the banking sector. This move by the Reserve Bank of India has certainly raised risks for HFCs in management of assets liability mis-match and profitability.

In the recently announced Union Budget 2013-14, the government introduced the Urban Housing Fund on similar lines as the Rural Housing Fund to alleviate the problems of housing at urban locations. The allocation for the Rural Housing Fund and the Urban Housing Fund is ₹ 6,000 crores and ₹ 2,000 crores respectively. In a bid to promote affordable housing, the Union Budget has provided an additional one time deduction of ₹ 1 lac for first time home owners provided the loan amount and the property cost do not exceed ₹ 25 lacs and ₹ 40 lacs respectively.

Loan Products

GRUH's major focus has been to provide home loans to individuals and families for purchase, construction and extension. GRUH also provides loans for repair and renovation of houses and home loans to families in the self-employed category where formal income proofs are not easily available and the repayment capacity of such families are appraised based on their cash flows. Apart from extending home loans, GRUH offers loans for purchase and construction of non-residential properties (NRP). GRUH offers developer finance and mortgage loans on a selective basis.

Home loan products are being offered at variable and fixed rates giving customers an option to decide on the type of interest rate risk. Customers are also offered option to select the mode of calculation of interest on loans, since GRUH offers loans on annual, monthly and daily rest basis.

With a view to enable a uniform processing of credit risk assessment, GRUH has adopted a credit score methodology. The pricing of each loan is linked to the credit score. This methodology enables GRUH to offer finer interest rates to deserving families, where credit risk is low and charge a higher rate of interest where credit risk is high.

Marketing Efforts

To ensure a deeper geographic reach, GRUH has been sourcing retail business through third party channels by appointment

of GRUH Referral Associates (GRAs). GRAs only source loans while GRUH retains control over the credit, legal and technical appraisals. Business sourced through GRAs was 63.28% of total disbursements made during the year and GRUH paid referral fees of ₹ 4.94 crores to GRAs for sourcing of business.

GRUH is operating in seven states - Gujarat, Maharashtra, Karnataka, Rajasthan, Madhya Pradesh, Chhattisgarh and Tamil Nadu. GRUH established 14 new offices in these states during the year. GRUH now has 134 retail offices across these seven states.

GRUH conducts outreach programmes from each of the retail offices to potential taluka places. The outreach marketing programme also serves as collection centre for collecting instalments besides providing services of enquiry handling, file opening and effecting disbursements.

Disbursements

GRUH disbursed ₹ 2,174.39 crores during the year as against ₹ 1,486.52 crores in the previous year. GRUH disbursed loans of ₹ 1,794.48 crores (previous year ₹ 1,253.94 crores) for home purchase, repair and renovation and registered a growth of 43.11% in the retail home loan segment. GRUH disbursed home loans to 26,175 families (previous year 21,435 families) and the average home loan to individuals was ₹ 7.36 lacs during the year as against ₹ 6.07 lacs during the previous year.

The loan approval process at GRUH is decentralised with varying approval limits. Approvals of lending proposals are carried out by retail sanctioning committees up to the limits delegated. Approvals beyond certain limits are referred to the Committee of Management. Larger proposals, as appropriate, are referred to the Board of Directors.

During the year, GRUH's total outstanding loans increased to ₹ 5,437.80 crores from ₹ 4,066.80 crores and registered a growth of 34%. CAGR over the past 5 years period has been 25%.

The total outstanding loans at variable rate stood at ₹ 5,396.70 crores (previous year ₹ 4,018.73 crores), which was 99.24% (previous year 98.82%) of the total outstanding loans. Loans to total assets stood at 97.10% as at March 31, 2013.

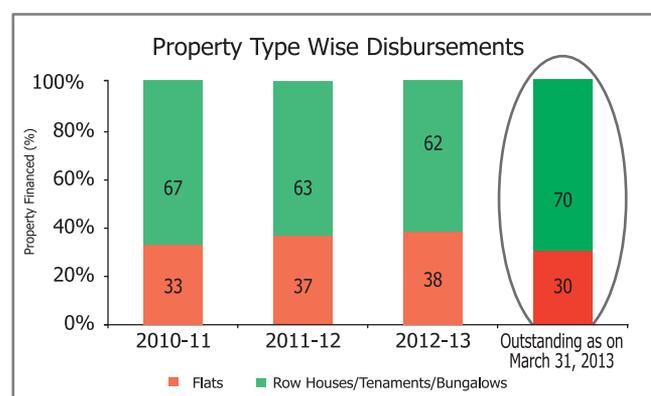

GRUH's outstanding home loans to individuals of ₹ 4,963.62 crores and other loans to individuals for NRP of ₹ 230.66 crores constituted 91.28% and 4.24% respectively of the total outstanding loans. GRUH experienced a prepayment ratio of 10.23% (previous year 11.43%) in respect of individual loans. The outstanding loans to developers of ₹ 243.52 crores constituted 4.48% of the total outstanding loans.

The average yield realised on the loan assets during the year was 12.82% (previous year 13.14%).

Recoveries and Provision for Contingencies

As per the prudential norms prescribed by NHB, an asset is a non-performing asset (NPA) if the interest or principal instalment is overdue for 90 days. HFCs are required to carry provision at the prescribed rates depending on the ageing of such overdues. As per the prudential norms, the income on such NPAs is not to be recognised. Apart from the provisioning on NPAs, HFCs are also required to carry a provision of 0.40% on Standard Individual Home Loans and 1% on standard loans other than individual home loans. Accordingly, GRUH has identified NPAs, not recognised income in respect of such NPAs and also made the required provisions on NPAs and standard loans.

As per prudential norms of NHB, GRUH is required to carry a provision of ₹ 24.52 crores on Standard Loans of ₹ 5,420.17 crores and a provision of ₹ 6.58 crores on non-performing loans of ₹ 17.64 crores as at March 31, 2013. GRUH carried a provision of ₹ 24.52 crores on Standard Loans and a provision of ₹ 14.94 crores in respect of NPAs and Contingencies. As a result, GRUH's net NPAs are ₹ 2.70 crores (previous year Nil)

on the outstanding loans of ₹ 5,437.80 crores as at March 31, 2013.

During the year, GRUH has written off an amount of ₹ 1.59 crores in respect of individual loans where the recovery was difficult in the near future. However, GRUH continued the recovery efforts in respect of written off loans of earlier years and could effect recoveries of ₹ 2.26 crores in respect of such written off loans.

GRUH carried properties aggregating to ₹ 10.63 crores acquired in settlement of dues at the beginning of the year. During the year, GRUH acquired properties aggregating to ₹ 6.17 crores in settlement of dues under the SARFAESI Act. GRUH also made efforts to dispose the acquired properties and could dispose off properties valuing ₹ 6.46 crores during the year. As at March 31, 2013, GRUH carried properties worth ₹ 10.34 crores which was 2.10% of GRUH's capital funds, well within the 20% limit stipulated by NHB.

Investments

The Investment Committee constituted by the Board of Directors is responsible for approving investments in line with limits as set out by the board. The decisions to buy and sell up to the approved limit delegated by the board are taken by the Managing Director, who is assisted by two senior managers. The investment function is carried out primarily to support the core business of housing finance to ensure adequate levels of liquidity and to maintain investment in approved securities in respect of public deposits raised as per the norms of NHB.

Considering the time lag between raising resources and its deployment, the surplus funds are generally being parked with liquid fund schemes of mutual funds and short-term deposits with banks. During the year, GRUH earned ₹ 4.07 crores as surplus from cash management schemes of mutual funds and ₹ 4.08 crores by way of interest on deposits placed with banks. At the end of the year, GRUH maintained ₹ 5.00 crores by way of short term deposits with banks.

As per NHB guidelines, HFCs are required to maintain Statutory Liquid Ratio (SLR) in respect of public deposits raised. Currently

the SLR requirement is 12.50% of the public deposits. As at March 31, 2013 GRUH has invested ₹ 79.10 crores in approved securities comprising government securities, government guaranteed bonds and NHB bonds and deposits with scheduled banks, which is higher than the limits prescribed by NHB.

GRUH has classified its investments in SLR securities as long-term investments and valued them at cost. GRUH carries a provision of ₹ 2.70 crores towards losses, if any, that would arise on redemption of investments on maturity.

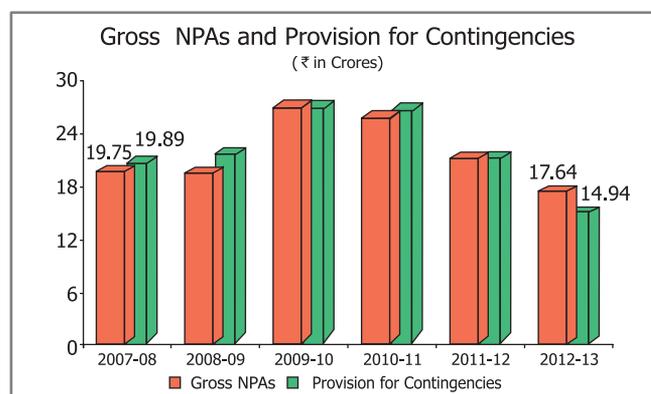

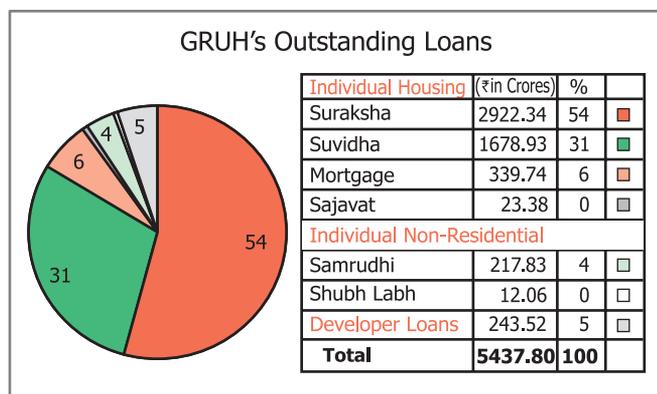

Borrowed Funds

GRUH has been raising funds for its lending activities from banks by way of term loans, from NHB by way of refinance, by private placement of non-convertible debentures (NCDs), by issuance of commercial paper and mobilisation of public deposits from the retail market.

Endeavours at GRUH always have been to maintain a prudent mix of fixed rate borrowings and variable rate borrowings with a view to minimise the weighted average cost of borrowings and maintain a healthy spread on its lending activities. GRUH has also been funding its operations through short-term borrowings in the form of commercial papers and short tenure loans from banks. While such a structure enables GRUH to sustain a healthy net interest margin but it raises the risks of asset liability mismatch. To minimise the risk arising on account of such mismatch, GRUH has set internal norms on the quantum of short-term borrowings so that a prudent balance is maintained in keeping the cost of funds low to an extent that the risk arising from the mismatch could be managed.

The borrowings which are maturing within twelve months from the end of the year, constituted 22% (previous year 26%) of the total borrowings of ₹ 4,914.52 crores (previous year ₹ 3,833 crores). The outstanding borrowings at fixed rate stood at ₹ 2,481.31 crores (previous year ₹ 1,342.33 crores), which was 50.49% (previous year 35.02%) of the total outstanding borrowings.

GRUH continued to borrow for both long and short term from the banking sector at competitive rates. GRUH raised fresh

loans from banks aggregating to ₹ 3,612.75 crores during the year and repaid loans aggregating to ₹ 3,550.75 crores. Term loans from banks are secured by a negative lien on all assets of the Company excluding the specific immovable property mortgaged in favour of the Debenture Trustees for issuance of NCDs and the Statutory Liquid Assets having floating charge in favour of the Public Deposit Trustees against Public Deposits and negative lien on the dwelling units financed from Line of credit of KfW through HDFC. Outstanding balance of bank loans was ₹ 1,364.50 crores as at March 31, 2013.

GRUH availed refinance of ₹ 1,047.53 crores from NHB. REPORT OF THE DIRECTORS ON CORPORATE GOVERNANCE

Corporate Governance is, essentially, a philosophy. It encompasses not only the regulatory and legal requirements, but also the voluntary practices developed by the company to protect the best interests of all stakeholders. However, in the harsh realities of day to day economic stress and competitive growth, corporate governance can only deliver on an avowed philosophy if there is a strong and sustainable framework. It is this framework which fosters a high level of business ethics with effective supervision, transparency and accountability at all levels. A good corporate governance framework incorporates a system of robust checks and balances between Key players; namely, the Board, the management, auditors and various stakeholders. The role and responsibilities of each entity must be clearly understood and transparency must be enforced at each level and at all times.

Spin-offs from good Corporate Governance

Investors worldwide are looking for new areas and avenues to invest their funds but the emphasis is on safety of their funds rather than high returns. These investors value companies which show commitment to customer satisfaction; companies which nurture long-term stakeholder value. In the ultimate analysis, strong governance is, therefore, indispensable for the development of a resilient and vibrant capital market. It is an important instrument for investor protection.

Company's philosophy on Corporate Governance

GRUH has been fortunate to have a strong set of values drawn from its promoter and parent company, Housing Development Finance Corporation Limited (HDFC).

At GRUH, we have assigned the highest importance to elements of good corporate governance like transparency, accountability and responsibility in every sphere of management practice be it with customers, shareholders, regulators, government, bankers, vendors or staff members. We have strived to introduce a high level of professionalism in carrying out the business with a strong belief that the organisation exists to serve the customer in a manner that can yield the best possible return to a shareholder. The Board of Directors at GRUH has always maintained the true spirit of being "Trustees" in directing the management team and also persisted in demanding a similar approach from the management team. The board has also inspired the management team to practice professional ethics in all its dealings.

With emphasis on transparency, integrity and accountability, the Board of Directors adopted the principles of good corporate governance by setting up an Audit Committee, Shareholders' Grievance Committee and Compensation Committee since 1997. Measuring Shareholders' Value :

At GRUH, we believe in maximizing the wealth of its shareholders and our endeavors are in the direction of providing maximum value to our shareholders either in the form of dividend or capital appreciation. The value of Shareholders' return is measured as follows:

A. Total Shareholders' Return :

Total Shareholders' return includes the dividend paid by the Company as well as the capital appreciation of the shares of the Company in the stock markets. During the past five years return to shareholders has been as follows :

(₹ in Crores)

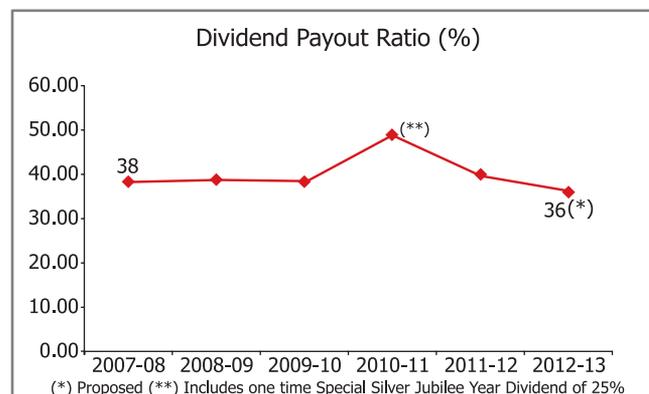

Particulars	2012-13	2011-12	2010-11	2009-10	2008-09
Closing Market Capitalisation	3753.36	2248.60	1266.38	756.14	324.69

Money raised during the year from Shareholders	12.30	2.39	7.12	1.17	0.03
Net Capital Appreciation/ (Depreciation)	1492.46	977.83	503.12	430.28	(210.13)

Total Gain / Loss	1544.92	1025.12	548.16	456.60	(190.67)
Gain / (Loss) to Opening Market Capitalisation (%)	68.71	80.82	72.50	140.63	(35.65)

B. Enterprise Value :

Enterprise Value (EV) measures the value of a Company as on a particular date. It is calculated by making adjustments to the market capitalisation of a Company. The formula for measuring Enterprise Value is :

Enterprise Value (EV) = Market Capitalisation + Total Debt – Cash Balance

With the Enterprise Value as a measure, the companies can be compared easily irrespective of their capital structure. Moreover, Enterprise value is used to calculate the ratio of EV to EBITDA multiple.

EBIDTA stands for Earnings before Interest, Depreciation, Tax and other appropriations. Hence, it can be calculated by adding back the figures of interest, depreciation and other appropriations to the amount of Profit Before Tax (PBT). It indicates that the value of enterprise is equal to number of times of the Company's earnings. As the figures of Interest, depreciation and tax are added back, it makes the comparison between two enterprises easier by eliminating all the accounting and tax differences.

The above measure for GRUH for a period of five years is as follows : -

Certificate of Merit from South Asian Federation of Accountants for 'Best Presented Annual Report, 2011'.

“Great things are not done by impulse, but by a series of small initiatives brought together.”

– Vincent Van Gogh, who started the new trend of 'emotional honesty' in post-impressionist paintings

When Mr. H. T. Parekh envisioned a rural housing finance institution, he knew that the path he was treading was not going to be easy. There would be challenges, obstacles, mindset issues and the need to go from the known into the unknown.

In these 27 years, with the guidance of a strong Board, a determined management team and committed employees, GRUH has been able to 'make haste slowly'. The maturity is reflected in the institution's financial reporting norms which are grounded in transparency and good accounting practice.

The result: the prestigious ICAI Awards for 'Excellence in Financial Reporting' for the years 2007-08 and 2010-11. The newest addition this year to our 'wall of success' is a Certificate of Merit from the renowned South Asia Federation of Accountants (apex body of SAARC). The Certificate has been awarded to GRUH (Financial Services Sector) for 'Best Presented Annual Report' and for 'Corporate Governance Disclosures, 2011'.

A billion faces. Many million families. Each one with its own tale of dreams and hopes.

It is said that faces can say a lot about a person's attitude, behavior, personality, likes, dislikes, intentions...

The world may evolve and progress, but the age-old mantra of gauging honest intentions by looking at a face and lending a helping hand to those with hopes and dreams, will always reign supreme.
