

Facilitating early payments to vendors for smoother business operations.

Vendor Finance helps suppliers get timely access to funds by enabling early payments against approved invoices. This improves supplier cash flow, strengthens business relationships and supply value chain of the anchor buyer

Features:

- Early payment against approved invoices
- Improved supplier liquidity
- Enhances supply chain stability
- Supports working capital optimisation
- Improved cost-effective financing options

How it works?

- The supplier delivers goods or services to the buyer
- The approved invoice is submitted for financing
- The Bank provides early payment to the supplier
- The buyer pays the invoice amount on the due date
- The financed amount is liquidated as per agreed terms

Advantages:

- Faster payments help suppliers maintain stable liquidity
- Reduced cost of working capital with better financing option
- Improved days sales outstanding for supplier
- Strengthen supply stream for the anchor buyer

Note:

- The Bank may ask for other information, if required, to process the transaction
